Yorkſhire, Oct. 18, 1741.

ADDRESS *to the Proteſtant Freeholders of the County of* York. *By a Freeholder.*

Fellow Countrymen!

THE Election of a Member to ſerve you in Parliament now approaching, it is to be hoped that you will fix your Choice on a Gentleman of whoſe honeſt Principles, and experienc'd Abilities you are well aſſur'd; on one who has, at all Times, given evident Proofs of his Loyalty to his Prince, his Affection to his Country, his ſteady Attachment to the Eſtabliſh'd Church, and his Chriſtian Moderation to the Proteſtant Diſſenters: On One whoſe large Eſtate (held by Apron-ſtrings) and Situation of Life, make him as independent as any Gentleman in *Britain*, whoſe Duty and Intereſt, and whoſe Intereſt is the Intereſt of his Country: On One who never had, nor never crav'd, a Penſion; but yet always had the Juſtice to ſupport what he thought the honeſt Meaſures of a Miniſtry: Always uniform and unbiaſs'd in his Conduct; honeſt without Diſguiſe, and who has no other Motives for ſerving you but your own and his Country's Sake. Such a Gentleman as I have been deſcribing, I hope, you will think worthy of your Choice; and that Mr. *TURNER* is One of all who have the Honour of knowing him muſt in Juſtice confeſs. And from ſuch Gentlemen alone we are reſolv'd to ſtrengthen his Majeſty's Hands againſt all Domeſtick and Foreign Enemies, we are to expect Happineſs and Safety at this preſent Critical Conjuncture, when ſo many Dangers threaten from abroad, and often wicked and deſigning Men at home, under the ſacred Names of Patriotiſm, *and* a Country Intereſt (which every honeſt Man in *Britain* knows they only make their own Intereſt) are uſing all poſſible Artifices to mislead and inflame People's Minds, and to bring all things into Confuſion. For, believe me, my Countrymen, the Name of Country Intereſt, is but a ſmoother Name for that Intereſt which brought you to the Brink of Ruin in the latter Part of the Reign of the once Glorious but then Unhappy Queen *Anne*, by the Inglorious Peace made with *France*; the Cauſe of a great Part of the Misfortunes that have befallen this Nation, and all Europe, ever ſince; (and yet the Party have had the Effrontery to charge the ill Conſequences reſulting from that Peace on the preſent Adminiſtration; in Imitation of the Tyrant *Nero*, who ſet *Rome* on Fire, and charg'd it on the Chriſtians, to find a Pretext for the perſecuting them;) by ſetting the Churchmen by the Ears among themſelves; by *Occaſional Conformity* and *Schiſm* Bills againſt Proteſtant Diſſenters; by their Intrigues with *France* to bring in a Popiſh Pretender. Can you forget thoſe Things, my Countrymen? Can the Proteſtant Diſſenters have forgot the Uſage they met with from this Party? Muſt they not, when they compare it with their preſent cajoling Speeches, and Affectation of Friendſhip to them, remember the Wolf in the Fable; who would have ſooth'd the Lamb to have left his able and faithful Protector, to have thrown himſelf into his Enemy's Clutches? And will thoſe Proteſtant Diſſenters, for any ſeeming preſent Private Intereſt, become the Dupes of a Party, who in Power would cut their Throats? if any Regard may be had to the Expe-rience of paſt Times.—— Conſider, my dear Countrymen, your preſent Happineſs, (as far as a Mild Government and Adminiſtration can make you happy) and always make your Endeavours to chooſe ſuch Gentlemen to repreſent you in Parliament as will ſecure it to you and your lateſt Poſterity. Theſe are, my Countrymen, the hearty Wiſhes of

NEW ENGLAND.

Boſton, Aug. 15.

The Addreſs of the Epiſcopal Miniſters of Boſton, and the Churches adjacent, with their Wardens and Veſtry, to His Excellency WILLIAM SHIRLEY, Eſq; Governor and Commander in Chief of the Province of the Maſſachuſetts Bay in New-England.

SIR,

WE beg Leave to congratulate your Excellency on your filling the Chair of this Government, and to expreſs our moſt grateful Senſe of that Goodneſs in his Sacred Majeſty (whom God long preſerve) which has plac'd you there.

That Wiſdom and Learning, that Humanity and Integrity which have ſo long pre-engag'd our Eſteem of you, is one Diſcovery how Royal Favours are diſpens'd, and a happy Omen of univerſal Good.

Your Excellency's ſtrong Affection and firm Adherence to the Church of England, leaves us no Room to doubt of your Concern and Care for the Peace and Proſperity of it.

As we have upon all Occaſions demonſtrated our Loyalty and Affection to our moſt Gracious Sovereign and his Illuſtrious Family, ſo we ſhall ſtill endeavour to diſtinguiſh ourſelves in this Character, and ſhall chearfully contribute to the utmoſt of our Power in our ſeveral Capacities, to render your Excellency's Adminiſtration eaſy to yourſelf and happy to the Province.

To which his Excellency was pleas'd to give this Anſwer,

GENTLEMEN,

I Thank you for this obliging Addreſs; and you may reſt aſſured, that the ſame Principles which have begot in me an Affection to the Church of England will always influence me to uſe my beſt Endeavours to promote the Peace and Proſperity of it upon all Occaſions.

Boſton, Aug. 17. This Morning the *Aſſociated Paſtors* of the Churches in this Town waited on his Excellency the Governor, and the Rev. Dr. *Colman* preſented to him the following Addreſs.

To his Excellency WILLIAM SHIRLEY, Eſq; Captain General and Governor in Chief in and over his Majeſty's Province of the Maſſachuſetts-Bay in New-England.

SIR,

WE, the Aſſociated Paſtors in the Town of Boſton, wait on your Excellency to congratulate you upon your Advancement to the Chair over us, to acknowledge the ſovereign governing Providence of God herein, and to aſſure your Excellency of our humble and earneſt Prayers to God, that the Spirit of Wiſdom and Grace may reſt upon you, for your diſcharging the Duties of ſo great a Truſt, and the Improvement of your excellent Talents to the Glory of God, the Honour of the King, the Weal of your People, and your own good Account in the Day of Chriſt.

Your Excellency well knows the Loyalty and zealous Affection of our Churches to the Proteſtant Succeſſion in the Royal Houſe of King George the Second, our rightful Sovereign; and you have alſo ſeen the dutiful Regards of our Miniſters thro' the Province to his Majeſty's Governour: Which give us an humble Confidence in recommending our Churches, and the College in Cambridge, with all their Rights and Privileges, to your Excellency's Favour and Protection.

And whereas theſe Churches have been happily diſtinguiſhed from their Beginning for their ſtrict Obſervation of the Lord's Day, on which the Religion and good Order of a People ſo greatly depend; We humbly beſeech your Excellency's tender Regard to us in this important Matter.

And we truſt, Sir, by the Help of God, that neither we nor any of the Brethren of our Denomination, will ever be wanting in that Reverence and Duty to your Excellency which a righteous Adminiſtration muſt always command from us.

Boſton, Aug. 17. 1741.

To which Addreſs his Excellency was pleas'd to give the following Anſwer:

GENTLEMEN,

I AM well perſwaded of your Loyalty and zealous Affection to the Proteſtant Succeſſion in his Majeſty's Royal Houſe, and am oblig'd to you for this Mark of your Reſpect and Eſteem for me, and you may depend upon my beſt Endeavours for the Maintenance of all the Rights and Privileges of the Churches of New England within this Province, and of the Miniſters of them, and to promote the Intereſt of the College in Cambridge, during my Adminiſtration of his Majeſty's Government among you; and you may depend upon my peculiar Care for the Preſervation and Advancement of Religion among the People in every Inſtance, and eſpecially by encouraging and enjoining a ſtrict Obſervation of the of the Lord's Day.

The Miniſters then waited on Governor BELCHER, to thank him for all his Goodneſs and Favour to the Churches thro' the Province, and to the Paſtors of them, during the Courſe of his Adminiſtrations; and to expreſs their good Wiſhes for the gracious Preſence of God with him in his Receſs.

Yeſterday arriv'd a French Mail with the Paris Alamain of laſt Saturday, which gives the following Advice from the Camp at Ips, dated the 3d inſtant O. S.

The Count de Segur's Diviſion join'd us Yeſterday. M. de Mortagne ſetting out laſt Night with a Detachment from Molck, was attack'd by 900 Huſſars and Dragoons, but he routed and purſu'd them notwithſtanding the Darkneſs of the Night as far as St. Poltin, where he has fix'd himſelf, after having taken the Commander of the Enemy's Detachment and three Huſſars Priſoners. M. de Mortagne was ſlightly wounded over the Eye. The Count de Segur fell this Day from his Horſe and broke his Arm.

Extract of a Letter from Cadiz, Oct. 10. *N. S.*

'The Spaniſh Squadron, conſiſting of 15 large Ships 'of the Line of Battle, came down into this Bay four 'Days ago, and they wait daily for three more from 'Cartagena, and the Toulon Squadron. Five Regiſter 'Ships for the Weſt Indies are ready to ſail. They are 'here preparing two large French Ships for the South 'Seas, which are expected to ſail on this Side Chriſt-'mas. And for a Fortnight paſt we have had no 'News of Admiral Haddock.

Extract of a private Letter from the Hague, Oct. 28.

'By a Letter from Petersburgh we are inform'd, that the 'Court has high Expectations from the Conduct of Ge-'neral Keith, who during the Abſence of Velde-Marſhal 'Lacy commands in Chief in Finland. The laſt Advices 'from thence brought an Account, that a Ruſſian Party 'of Huſſars and Don Coſſacks, ſupported by a hundred 'Grenadiers, had attack'd a Swediſh Poſt and carry'd it, 'killing 120 on the Spot, and making 39 Priſoners; 'among whom were two Lieutenants, three Enſigns, 'a Corporal, and three Drums. The Army now aſſem-'bled at Wyberg conſiſts of near 70000 Men. The 'Weather being bad, the Swediſh Fleet have thought 'proper to retire to their own Ports. This laſt Piece 'of News is confirm'd by Letters from Hamburgh of 'the 24th inſtant. By theſe laſt we learn, that Things 'are at preſent in a very confus'd State in Poland, but 'that it was hop'd the Senate would find Means to ac-'commodate all Things, if the ſame Spirit does not ſtir 'in that Kingdom which at preſent diſturbs all the reſt 'of Europe.

'My Correſpondent at Vienna acquaints me, by a Let-'ter of Oct. 14. that they are far from being ſatisfied 'there that no Siege will be form'd this Seaſon. The 'very Day before an Expreſs paſſing thro' to P[illegible] 'aſſur'd them that the whole Bavarian Ar[illegible] 'motion; whereupon Orders were immedi[illegible] 'for raiſing Batteries in proper Places, and f[illegible] 'a Corps of Hunters, who were diſmiſs'd ab[illegible] 'before. The ſame Day Count Kevenhuller [illegible] 'ral Van Sober ſet out for Presburgh, in orde[illegible] 'ſent at a grand Council of War; whence [illegible] 'return the next Day. Orders are ſent to M[illegible] 'provide Winter-Quarters for the Forces at preſent in Sileſia;

Silesia, whence it is believ'd that the Treaty between their Sovereign and the King of Prussia is either concluded, or as good as concluded.

'They write from Berlin of Oct. 21. that an Express 'had pass'd thro' that Place the Day before for Hanover, 'which it was thought carried an Account of the so 'long expected Treaty, by which, as it is currently re-'ported, the Queen of Hungary yields to his Prussian 'Majesty not only the Lower Silesia, but also the Cities 'of Neiss and Glatz. As soon as the King has receiv'd 'the Homage of the States, which is fix'd for the 31st 'he will return hither. Part of this News is confirm'd 'by a Letter from an Officer in Garison at Neiss, dated 'Oct. 10. who says positively that the Treaty is sign'd.

'Advices from Francfort of the 22d instant assure 'us, that the Saxon Troops, under the Command of 'Count Rutowsky, have not only enter'd Bohemia, but 'are in full March for Prague, and that the French and 'Bavarian Troops having penetrated into the same 'Kingdom by the Way of Amberg, are actually engag'd 'in besieging the City of Egra. Our Politicians here 'are at present taken up in Speculating on the Elector 'of Bavaria's assuming the Title of *Archduke of Austria*, 'and not stiling himself *King of Hungary and Bohemia*; 'whence they pretend to divine, that the *last* of these 'Titles will be given to *another Prince*, and that the Queen 'of Hungary will keep that Title, in case she acquiesces 'under the *New Plan*. We are well inform'd, that the 'Convention concluded by the King of Great Britain, 'as Elector of Hanover, is to subsist only for a few 'Months; and that a Negociation is begun at Copen-'hagen, in order to procure a second Body of Auxiliary 'Troops in the Spring.

'By Letters from St. Ildefonso, dated Oct. 3. we are 'inform'd, that the French Courier Baniers arriv'd there 'the 30th of last Month, with Dispatches of the utmost 'Importance; upon which the Duke of Montemar was 'sent for in Haste to Council, and it is since reported 'that the Italian Expedition will certainly take Place. 'The Court will return to Madrid in a Fortnight.'

Yesterday was held a Grand Council at St. James's, when a Proclamation was ordered to be issued out for summoning the Parliament to meet and sit for the Dispatch of Business the Beginning of December next.

The same Day the Right Hon. the Lord Mayor went in his Coach of State, accompany'd by the Aldermen, the Recorder, and the Sheriffs, to St. James's, and presented their Congratulatory Address to his Majesty on his safe Arrival; to which his Majesty was pleas'd to make a most gracious Answer; and they all had the Honour to kiss his Majesty's Hand.

The Right Hon. the Lord Forrester, late Captain of the Lark, was Yesterday appointed Captain of the Leopard (of 50 Guns) by the Lords of the Admiralty, who have likewise ordered the Crew of the Lark to be turn'd over into the Leopard.

On Wednesday Morning last died, at his Son's House in Bloomsbury-square, Sir Stephen Anderson, Bart. of Eyeworth in Bedfordshire, and is succeeded in Honour and Estate by his Son now Sir Stephen Anderson, Bart.

The same Evening Mynheer Hopp, Envoy Extraordinary from the States General, arriv'd at his House in Clifford-street Burlington-gardens.

The same Night the Right Hon. Sir Charles Wager, First Lord Commissioner of the Admiralty, (who attended his Majesty from Holland) arriv'd safely at the Admiralty Office, and Yesterday he waited on his Majesty and was most graciously receiv'd.

A few Days since died in Derbyshire, Mr. Whitehead, Chamber-keeper to the Yeomen of the Guard at St. James's, and likewise Office-keeper at Whitehall. His Place is in the Gift of the Earl of Essex, Captain of the Band of the Yeomen of the Guards.

The Short Allowance Money due to the Company of his Majesty's Ship the Torrington, will be paid on Tuesday next, at the Pay-Office in Broad-street.

Liverpool, Oct. 18. This being the Charter Day for electing of Magistrates for this Corporation, William Carr, Esq; was elected Mayor, Mr. Edmund Rigley and Mr. Henry Winstanley, Bailiffs; being all Gentlemen zealously affected to the present Government.

ACQUAINTS Physicians, Surgeons, and others, who treat the Venereal Disease, that his sells a SPECIFICK REMEDY for curing the POX, in a Manner more gentle, shorter, and surer than any of the ordinary Remedies known in Practice: No other Preparation is requisite before its Administration than Bleeding, if necessary; nor any Purge to be given after the Cure, which is effectually perform'd in fifteen or twenty Days. It operates by Salivation, Perspiration, and Urine, so that the Cure is the sooner compleated: The Head does not swell, the Teeth no way loosen'd, the Patient not confin'd to Bed, or oblig'd to wear Flannels; all Seasons of the Year are proper, and though the Patients are extremely weak, they easily support the Operation of this Remedy, which assuredly cures after the common Methods have fail'd; it likewise will be proper in many other Distempers where Salivation is requisite.

He is persuaded that those who have once tried it, will prefer it to all the common Remedies and Methods used. The Gentlemen of the Profession who have experienced it, will confirm, if necessary, what he advances.

This Remedy does not cost near so much as the ordinary ones; is much more gentle to the Patients, and commodious to the Physician or Surgeon who attends them: He promises to give it always at the same Price, and to send it into the Country to those who desire it, and will give Directions for using it, which are very easy.

He hopes no one will conceive he intends any Deceit, as he addresses himself only to those of the Profession; and is ready to give Satisfaction to those who will do him the Honour to speak with him.

He has used this Remedy with great Success for fifteen Years past, and perform'd very remarkable Cures. To those who desire to see its Efficacy on Persons affected, he offers himself to make Trial of it.

N. B. He has very convenient Places for any Person that wants to be cur'd in the Space of the above-mention'd Time.

It is a safe and effectual Alterative, to be used a less Dose than where Purging is necessary; the excellence inherent in this Medicine, which is a Property well known to the Learned, to be in some Cathartick Medicines.

It is in particular,

A Certain and infallible Cure for the SCURVY, tho' of the longest Standing, and attended with the most aggravated Circumstances (a Distemper very common to English People, that not one in a thousand is entirely exempt from it, and great Numbers are sorely afflicted with it) being a cordial Elixir, peculiarly adapted to that Disease in all its Forms of appearing, from the slightest Ichor or Humour in the Blood, to its utmost or last Efforts on the Nature.

For it is a true Specifick Cordial, that perfectly cures the Distemper by gentle Evacuation, by Stool and Urine, the only sure and effectual Way perfectly to cure the Scurvy, and prevent Relapses (notwithstanding what may be done to the contrary) the Truth of which is witnessed to daily by many Thousands that have taken this Medicine. It perfectly rectifies the Blood and Juices, that scrophulous Cases also speedily cured by it; and all Spots, Blotches, &c. on the Skin, are quickly and entirely taken off, Patients made lively and brisk, many chronick Diseases cured, and a due State of Health secured.

It removes all Pain in the Stomach, helps Digestion, opens Obstructions, and is peculiarly serviceable to Men used to, or troubled with the Green Sickness. 'Tis the Medicine in the World to destroy Worms in Children or People, and prevent their Return; for it scours away all ropy, viscid Humours which breed them in their Bowels, is so well adapted to all Constitutions, that it is esteemed both in City and Country, the most general Medicine that ever was known to preserve Health, and orders no Business or Recreation.

Good Allowance is given Wholesale by Mr. King [illegible] Money to Country Shopkeepers, &c. to sell again. The Medicine will keep many Years in any Climate.

Yesterday arriv'd a Mail from Holland.

Constantinople, Sept. 9. *O.S.*

A Convention was made two Days ago, between the Grand Vizir and the Ruſſian Ambaſſador, which puts an End to all Diſputes between the two Empires: It being therein agreed, 'That the Priſoners on 'both Sides not yet at Liberty 'ſhall be reſtor'd: That the 'Grand Signior ſhall recognize the Imperial Title of Ruſſia, both in the preſent Emperor, and his Deſcendents, and Succeſſors to the Throne; That Commiſſaries ſhall be appointed on both Sides to ſettle the Limits of the two Empires, after they ſhall immediately repair to their proper Places to determine the Matter amicably.' After the Grand Vizir, and General Romanzoff the ſaid Ambaſſador, had given each other the uſual Compliments of Congratulations on theſe Occaſions, the Ambaſſador preſented a Fur, of which the ſaid Prime Miniſter made a Preſent on the Part of the Grand Signior. Furs were alſo given to the Counſellors of State, and the Interpreters, as well as to all Perſons in the General's Retinue. The Convention was ſigned and exchanged in the Preſence of all the Baſhas and Doctors of the Law, who reſide at the Porte, ſo that nothing was omitted that could contribute to the Solemnity of that Act. The Imperial Ambaſſador has ſent an Expreſs to the Commandant at Aſoph, with Orders to cauſe the Works of that Place to be demoliſhed without Delay.

Hamburg, Oct. 10. N. S. 'Tis impoſſible to expreſs the publick Joy for the News from Conſtantinople, that all the Differences with the Porte are now at an End by a Convention which was ſigned there on the 9th O. S. and the Great Dutcheſs having imparted it to all the Ambaſſadors and Foreign Miniſters, who have been at Court to congratulate her upon the Occaſion. The Advantage that attends it is the greater, becauſe we have nothing now to fear from the Turks, but ſhall be in a better Condition to carry on the War againſt Sweden with Succeſs. As the Turkiſh Ambaſſador Emini-Mahomet Paſha has contributed every Thing in his Part to the Concluſion of this Affair, the Great Signior has ſent him her Thanks by Count Oſterman. Likewiſe the Britiſh Plenipotentiary, having received Letters of Recal by an Expreſs from Hanover, will ſoon have his public Audience of Leave of the Emperor and the Great Dutcheſs, and then ſet out for Vienna.

Stockholm, Oct. 17. *N. S.* Since the Account publiſh'd at Court of the Action at Wilmanſtrand, it appears, that our Forces there did not amount to quite 3000 Men. The laſt Letters from our General Lewenhaupt, dated the 25th ult. ſay, that our Parties had beat up the Ruſſian Detachments that were advanc'd towards Neuſchum, one of which was purſu'd almoſt within Cannon-ſhot of Wybourg, to which Place we ſhortly expect to hear our Army is advanc'd.

From the Camp at Gries, Oct. 14. *N. S.* On the 7th and 8th at Night the Patrols of the two Armies met as they were going their Rounds, but paſs'd by each other very civilly both times, and 'twas obſerv'd the Officers paid one another ſuch Compliments as were too great to be paid to the mere Rules of Civility. On the 9th and 10th two Regiments of Huſſars began their March to Bohemia, and the Field-pieces of each Regiment were ſent back to the Train of Artillery. The Pontoons were alſo ſent away on the 10th, and the Hungarian Grenadiers were preparing to ſet out the ſame Day for Bohemia, but were countermanded. On the 11th, 1500 Men came to this Camp from Neiſs, with five Cannon and near 40 Waggons laden with Ammunition, ſo that there's but 1000 Men left in the Gariſon. The Lord Marſhal came back Yeſterday to this Camp with all his Retinue, in his Way to Neiſs. He was on the 8th at Grandorf near little Glogau, where he had a Conference with Prince William Brother to the King of Pruſſia. On the 11th he went again to the ſame Place with the General Neuperg, to aſſiſt at a Conference which laſted near two Hours and a half. Major General Lentulus, who is ſaid to be in the Secret, ſets out this Day for Presbourg, to make his Report to the Queen of what paſſed in this as well as the three preceding Conferences.

Breſlau, Oct. 19. *N. S.* The Lord Hyndford is ſtill in the Army, but the Major General Baron de Ginckle continues here. The Campaign ſeems to be at an End in Silеſia, the King being employ'd chiefly in regulating the Winter Quarters of his Army, to which ſeveral Regiments are already marching. Mean time we know not what to conclude from the Motions which have been made by the two Armies for theſe three Weeks paſt. We have an Account indeed, tho' 'tis a confus'd one, that frequent Meſſages have paſs'd within theſe ten Days between the two Armies, that Lord Hyndford made ſome Stay at Neiſs and in General Neuperg's Camp; that he alſo came ſeveral times to the Pruſſian Army, that ſome Interviews paſs'd of which we know not the Cauſe; that the Auſtrians have drawn away Part of their Gariſon and Artillery from Neiſs, and that 'tis reported they will ſoon entirely evacuate it; to all which 'tis added, that the two Armies are quiet, and that there's no Appearance of Hoſtility: But theſe Particulars collected from various Letters are related with ſo much Perplexity that one would think there was ſome important Reaſon which hindered a more poſitive Explanation.

Presbourg, Oct. 26. *N.S.* Major General Lentulus, who arriv'd here this Morning from the Camp at Gries, had immediately an Audience of the Queen and the Great Duke, to whom he made a Report of what paſs'd in the late Conferences in Sileſia for accommodating the Affairs of that Duchy. The Queen is again with Child, and the ſame will be declar'd very ſoon.

The 15th, being the Queen's Name-day, the States of Hungary preſented her Majeſty with 15000 Men completely equipp'd, arm'd, and ready to be employ'd on any Expedition.

Madrid, Oct. 10. *N.S.* The ſpeedy Embarkation of Forces is now ſo far from being a Matter of Doubt, that the Orders for it are already diſpatch'd, and 'tis ſaid they will amount to 12000 Foot and 4000 Horſe. At the ſame time the heavy Artillery and a great Quantity of Ammunition is to be put on board, and the whole to be convoy'd by ſeveral Men of War, Galleys, &c. 'Tis ſaid the Duke de Montemar is to go again To-morrow to St. Ildefonſo to receive his laſt Orders, and to take Leave of his Majeſty, and that then he is to ſet out directly for Barcelona, to take Charge of the Expedition.

Ratisbon, Oct. 23. *N.S.* When the Miniſters of Auſtria inform'd the Dyet that the General de Schmettau was publickly ſummon'd to appear at Vienna by Beat of Drum, they at the ſame time communicated the following Particulars of his Caſe, viz. That the ſaid General having enter'd into the Emperor's Service in the Year 1718, was preſently created a Major General, after which he paſs'd thro' ſeveral Promotions to the Rank of Velt Marſhal, which was conferr'd upon him in April laſt; but that he ſoon after deſir'd Leave to go to the Baths of Carlsbad for his Health, and under that Pretext went directly to wait on the King of Pruſſia, after which he wrote a Letter to her Hungarian Majeſty from Torgau in Saxony, whereby he laid down his Regiment and Employments, and acquainted her, that he was entred into the Service of the King of Pruſſia; That as it was not poſſible for the Queen to give her Conſent to it, ſhe demanded the General's Return to Vienna, to give an Accompt of the military Caſh of his Regiment, which amounted to 80,000 Florins, including 26,000 which he had appropriated to himſelf without any Right, and to be reſponſible for ſeveral other improper Proceedings; That as the ſaid General, inſtead of conforming to his firſt Citation, is now actually with the Elector of Bavaria, and acts in his Army againſt the Queen's Service, her Majeſty in Juſtice to herſelf has been oblig'd to eſtabliſh a Council of War to try him; and that, conformable to the military Uſage, he ſhall have three Citations to return to his Duty, but that if he does not ſubmit, he ſhall then be proceeded againſt with all the Severity of the Laws of War, &c.

LONDON, October 24.

Letters of the 18th inſtant from Vienna ſay, that the Rumours of an Accommodation between the Queen of Hungary and the King of Pruſſia ſtill ſubſiſt. The Deſire of ſeeing an End put to their Difference has given frequent Occaſion to the publiſhing of Advices which have no other Foundation than the Zeal of her Majeſty's Subjects and Wellwiſhers, and their Care not to diſcourage one another.

Thoſe of the 24th from Berlin ſay the Troops which the King of Pruſſia was aſſembling in the Duchy of Magdebourg are entirely ſeparated, and their Artillery and Ammunition ſent back to Berlin; but not a Word do they mention of the State of Affairs between his Majeſty and the Queen of Hungary.

The Letters of the 11th O. S. from Stutgard ſay, that the King of Pruſſia has agreed with the Dutcheſs of Wirtemberg to take her Regiment of Dragoons into his Service, allowing her the Revenue, Pay, and Emoluments thereof, and that he deſigns it ſhall be call'd by her Name, and to diſtinguiſh it with a Preference to the other Regiments of his Army. He has alſo inveſted her Moſt Serene Highneſs with the Order of the Black Eagle, and ſent her the Ribban and Croſs of the Order, adorn'd with coſtly Brilliants; which unexpected and hitherto unparallel'd Honour has caus'd exceeding great Joy and Feſtivity at the Duke's Court: And the Pruſſian Miniſter who deliver'd her the Enſigns of the Knighthood, gave the Golden Key of one of his Majeſty's Chamberlains to the Marquis D'Argens, who has been ſettled for ſome time at Stutgard, and is as much eſteem'd at that Court as he is valued in the Republick of Literature for the *Jewiſh Spy*, the *Chineſe Letters*, and other Pieces of Entertainment, which he has happily accommodated to the Taſte of both the Serious and the Gay.

The Elector of Mentz has receiv'd the Viſits of all the Foreign Miniſters at Francfort, where the Electors of Bavaria, Cologne, and Triers, are expected next Week in Perſon to proceed to the Election of the Emperor, which the Elector of Mentz preſſes very much.

Thoſe of the 16th O. S. from Cologne ſay, that ſince the Reſolution taken there not to admit Foreign Troops into the Gariſon there during this Winter, the March of the French Forces has been ſuſpended for a few Days; and that by the Mediation of the Dutch Reſident that City is to be excus'd from allowing them Quarters. The French Troops enter'd Osnabrug on the 15th, immediately after his Majeſty paſs'd thro' for Holland, but

'tis

'tis ſtipulated by the late Convention at Hanover, that the French Forces ſhall not take Winter-Quarters in Weſtphalia within ſix Leagues of that Electorate.

They had a Report at Duſſeldorp, that a Peace is actually concluded between the King of Pruſſia and the Queen of Hungary.

Letters of the 13th O. S. from Hanover ſay the Troops of that Electorate are marching into their old Quarters; that the Heſſians are returning home, and the Danes going to their Winter-Quarters in the Duchies of Bremen and Verden.

Thoſe of the 7th from Breſlau ſay the Queen of Hungary's Army is actually march'd in four Columns towards Moravia, after having drawn away all the heavy Artillery from Neiſs, and left but a weak Gariſon there; and that ſome of the King of Pruſſia's Regiments are actually march'd to Winter-Quarters in Upper Sileſia.

According to Letters of the 12th from Ratisbon, there's Advice from Vienna, that the Bavarian Army was advanc'd within four Leagues of it, and would ſhortly open Trenches before that City.

His Britannick Majeſty ſet out from Hanover laſt Wedneſday Se'nnight betwixt ſeven and eight in the Morning, paſs'd next Day thro' Oſnabrug, came on Friday Night to Utrecht, where he lay, ſet out from thence on Saturday Morning, paſs'd thro' Rotterdam about Noon, being ſaluted by a General Diſcharge from the Cannon on the Ramparts, arriv'd about three o'Clock that Afternoon at Helvoetſluys, where he was again ſaluted by the Diſcharge of the Guns from the Men of War and Yachts, ſail'd from thence for England on Sunday laſt about nine in the Morning, with ſo good a Wind that all the Yachts and Men of War were out of Sight before Noon.

The Robert, Richard Parker, Maſter, bound from Virginia with 214 Hogſheads of Tobacco, &c. to Whitehaven, was taken the 20th of September, to the Weſtward of Ireland, and carried into St. Sebaſtians the 8th Inſtant.

The William, Gill, lately arriv'd from Antigua, took up the Crew of the Speedwell, Beteagh, bound from Barbados to Dublin, who founder'd at Sea the 8th of September laſt in Lat. 34.
